ELEPHANT AT LARGE

Breaks Out of The Show And Terrorizes The City of Kuttawa.

Kuttawa, Ky., Aug. 9.—This morning a ponderous elephant which had been peregrinating peacefully at the end of his tether in the corral of the Wild West show, suddenly became aware that there was better foraging outside and immediately started on a wild rampage that for several hours threw the people of this place into abject terror.

At the home of Herschell Glenn the elephant entered the garden by tearing away a huge section of the fencing and then unceremoniously commenced to root up all the garden truck that was not mashed beneath his feet. Not satisfied with this he proceeded to a nearby house, where he took a fancy to an ice cream freezer on the back porch, and after extracting all the "goodies" therefrom got the can fastened on his trunk and beat a wild tattoo trying to get it off again. He was finally captured by several of the showmen and again attached to his tether.

Mary Juniata Fowler

Passes Away.

The subject of this sketch is Mary Juniata, the little daughter of Mr. and Mrs. J. W. Fowler. She was born Dec. 27th, 1910, and departed this life Aug. 1st, 1911, aged seven months and five days old.

She was sick only a short time, with malarial fever.

Little Juniata from us is gone but we feel comforted when we know that she is with Him who said "suffer little children and forbid them not, to come unto Me, for of such is the kingdom of Heaven."

Weep not bereaved ones for she is gone where there is no sickness or pain. She will be missed in our home, a place that can never be filled, but we must prepare to meet her when our life's work on earth is ended. Her remains were laid to rest in the Fowler graveyard to await the resurrection morn.

Her Aunt,
ELLA.

In Memoriam—Virgil A. Love.

Virgil Andrew Love, son of Mr. and Mrs. John Love, was born in Crittenden county, Ky., August 21st, 1894, and died at St. Andrew's hospital, Thursday afternoon, after a brief illness. Virgil was a good boy and a faithful Sunday School pupil and will be missed by a wide circle of friends and relatives but most of all by the fond parents who are heartbroken over his sudden and unexpected demise.

They have the heartfelt sympathy of the entire community in their great sorrow and irreparable loss.

The funeral service was conducted at the family residence this afternoon at 2:30 by his pastor, Rev. G. W. Nollner, and his body was laid to rest in Tower Grove cemetery.—Murphysboro, Ill., Exchange.

Extracts From Annual Reports From State Inspector Of Mines.

The following is abstracted from the Summary of the statistical portion of the annual report of the State Inspector of Mines, Prof. C. J. Norwood recently submitted by him to Gov. Wilson, and gives the flourspar statistic for 1910.

"All Flourspar marketed in 1910 from Kentucky was produced by Western Kentucky mines. The amount of spar marketed in any one year does not necessarily coincide with the amount mined during that year, since stocks on hand at the close of one year may be drawn upon in the succeeding year. The amount of flourspar mined in 1910 was 10,576 short tons and the amount in stock, Dec. 31st, 1910 was 1830 short tons. The tonnage marketed was as follows:

Kind	Tons	Value at shipping point.
Gravel	11,414	\$75,823.
Lump	2,972	20,360.
Ground	2,617	20,392.
Total	17,003	\$124,575.

"A detailed report of the flourspar industry for the year has been prepared for the year by Mr. F. J. Fohs, of the State Geological Survey and will be issued presently."

Resolutions Passed at The Teachers Institute.

We, the Committee on Resolutions, submit the following:

Whereas, We the teachers of Crittenden Co. Institute, being grateful to the president and secretaries, for their service, hereby recommend that their fees be remitted.

Resolved, that we heartily endorse and commend the administration and work that is being done by our most worthy and progressive superintendent of Crittenden Co. Schools.

1st. In his securing the service of one the most practical and progressive instructors to be found in any state if not the best.

2nd. For his foremost work in bringing educational reform, by his interest and enthusiasm in arousing in the work of our school trustees.

3rd. In securing an early date

for the beginning of our schools, and more especially the uniform day of beginning, thus giving us a more systematized and articulated school system, making Crittenden Co., foremost in this reform work.

Also Resolved, that we express our heartiest thanks to Pres. H. H. Cherry for his presence and able address on the great aim and importance of our profession, and recognizing the great influence of the Western State Normal upon the childhood of Ky., by giving the state better trained teachers, and in bringing our commonwealth to the forefront from every progressive standpoint; Be it further resolved, that we pledge to Pres. Cherry to do all within the scope of our power to better the attendance in the Normal from our county.

We further resolve, to have

better professional training along with better compensation of teachers.

Whereas, the excellent work that is being done at the State Normal toward training the children of Ky., to live a higher life, and to live on a higher and nobler plain of citizenship, and whereas, the influence of the Normal is reacting to a better State of School affairs in Crittenden Co., we ask that the next Legislature make adequate appropriation for the Normal School, to keep up the work already so well begun.

In view of the fact that we are in the race for educational supremacy, and whereas our public schools are spreading everywhere, increasing in number and influence. Be it resolved, that we have agriculture, domestic science and music added to our present course of study, as time and means will permit.

It is with regret that we learn that our efficient Instructor, C. W. Richards will go to labor in a different state, and we, the teachers of Crittenden county in Institute assembled, hereby tender to him our heartfelt thanks for his uniform courtesy, and in token of our high esteem of him as an educator and Instructor of Institutes,—assure him that he carries to that distant Vineyard, ripe for labor, our love, confidence and well wishes, for happiness and usefulness in the future.

BOY DIES ON TRAIN FROM HYDROPHOBIA.

Five Year Old Child Scratched By Pet Bird Dog While Out Playing.

Centralia, Ills., Aug. 16.—At Effingham yesterday a party boarded the train with a 5yr-old boy that was suffering from symptoms of hydrophobia and was being rushed to Chicago to the Pasteur institute for treatment. The lad was accompanied by his parents, grand parents and the family doctor and reside at Willow, Hill in Jasper county.

Several days ago while playing with a pet bird dog, the latter accidentally scratched the boy on the face with his foot. It was rumored that there had been a mad dog or two in the neighborhood, but it was not known that this dog had in any way come in contact with them.

In the course of time the boy showed symptoms of hydrophobia, and the doctor was called and he at once rushed the lad to Chicago, but it was too late and nothing could be done and the family started back home to await the end. They boarded No. 5 at Chicago at 2.40 this morning and the boy died at 3.30 only about 40 miles out. He seemed to have been a great favorite and the party that left No. 5 at Effingham was a sad one.

SHOULD BE HUNG WITH- OUT JUDGE OR JURY

Fulton, Mo., Aug. 8.—"I saw Jefferson Wood place a package of chewing gum at the gate of our home. I took the package before my children could touch it and had it analyzed. It was found to be poisoned." This was the definite charge made today by Mrs. Edward C. McPheeters, mother of the children whom Wood, with Mr. and Mrs. Lee A. Boyd, are accused of having attempted to poison in revenge for the testimony against Mrs. Boyd in a suit for slander.

Wood and the Boyds are under arrest and the whole county is aroused against them. They are charged with having attempted to poison several other children with chewing gum tainted with arsenic.

Croup

People with children should keep a bottle of Dr. Bell's Pine-Tar-Honey on hand at all times. Croup is worse at night when it is sometimes hard to get a physician. Look for the bell on the bottle.

Wooden Steamer Doomed.

Toledo, O., Aug. 9.—Apparently doomed to destruction by flames, an unidentified wooden freight steamer, of perhaps 2,800 tons, was piled up on the east end of Kelley's island shortly after 10 o'clock this morning. Both crews from the life-saving station at Marblehead, eight or ten miles from the wreck, went out to take off the crew of the steamer.

A well known Des Moines woman after suffering miserably for two days from bowel complaint, was cured by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all dealers.

Auto Falls Many Feet Into Water.

South Bend, Ind., Aug. 9.—William Weiss, a retired farmer of Mishawaka, and his 18-year-old son, narrowly escaped drowning today when the machine they were driving fell forty feet off the bank of the St. Joseph river into the stream. The motor car sank below the surface and the occupants were pinned in the machine under the canopy. The elder Weiss suffered severe gashes on his head and body and a fractured skull. The boy escaped serious injury.

Must Pay For Paper.

Taking a paper out of the post-office makes the recipient liable for the bill. O. D. Austin, a Butler, Mo., publisher, sent his paper to Charles Burge. The latter paid for it twice and then refused to pay again. He said he ordered it stopped. But the court of appeals holds that mere acceptance of the paper created a liability. It adds:

"The preparation and publication of a newspaper involves much mental and physical labor as well as an outlay of money. One who accepts the paper by continuously taking it from the postoffice receives a benefit and pleasure arising from such labor and expenditure as fully as if he had appropriated any other product of another's labor, and by such act he must be held liable for the subscription price."

Icebergs to Burn.

New York, August 9.—The latest report of the big iceberg that was struck by the liner Columbia last week floats into port with the Helig Olivia from Copenhagen, whose passengers were so enthralled by the sight of so much ice in mid-ocean that those with cameras forgot to use them.

The passengers declared that the Scandinavian liner churned her way through lanes of ice for more than a mile on Friday and that on either side of the vessel were sections of the big berg which presumably had been split in pieces by the Columbia's bow.

Seemed to Give Him a New Stomach.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngpeters, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by all dealers.

Amazes Admiral Togo.

Washington, Aug. 9.—Admiral Count Togo, unfeignedly amazed, stood at the muzzle of a new fourteen-inch gun at the Washington Navy Yard Tuesday and inspected the first of the twenty-four most powerful rifles in the

world, with which the giant American battleships Texas and New York are to be equipped.

The Japanese stuck his head into the breech of the gun and looked through a glistening barrel of 52 1-2 feet, the longest the United States Navy has as yet attempted.

Admiral Togo's ordinarily expressionless face plainly relaxed and he looked enthusiastically at the latest product of ordinance genius.

He continued with acut interest his visit through the yard and though he moved around rapidly he received a vivid impression of the resourcefulness of the United States Navy.

WILLIAMS' KIDNEY PILLS.

Mules Poisoned.

Mr. E. A. Smith, a farmer of Glendale, Hardin county, Ky., who is on a visit to his brother, Mr. D. T. Smith, the Louisville attorney, reports the loss of nine mules valued at \$200 each, from eating slops that contained spoiled corn.

Mr. Smith owned eleven mules all of which became violently sick one day this week. Mr. Smith was at first inclined to believe that some one had poisoned his stock, because the sickness was wholesale. After investigating he discovered that the mules had eaten some slops thrown to the hogs, which contained corn that had been mixed with salt and sugar in an effort to preserve it, but which had spoiled. The rotting mixture proved deadly to the mules, for nine of the eleven died, causing a loss of \$1,800.

Breeders of fine horses prefer BAL-LARD'S SNOW LINIMENT for all cuts, wounds or sores on their stock, because it acts mildly and quickly and heals an ordinary wound without a scar. Price .5c., 50c., and \$1.00 per bottle. Sold by J. H. Orme.

Lonnie Moore, Repton, was here Saturday.

Mrs. Roy Hughes and baby and Miss Murel Clark are visiting on Phen's island.

Mrs. Ranzy King, of Rodney, was the guest of her mother, Mrs. Harve Hughes, Thursday.

Sutherland's Eagle Eye Salve

is a creamy snow white ointment put up in air tight screw cap tubes. Will cure any case of sore eyes and will not injure eyes of a babe. Sold everywhere 25 cents.

High Potatoes.

The prices of Irish potatoes have soared until they are nearly out of sight. They are practically prohibitive. Grocers are paying \$2.00 a bu. and selling for 60cts a peck. This is the highest price ever paid for potatoes in southern Ills. A farmer sold eight bu to J. W. Moore the first of the week for \$2. per bu. He stated that he was nearly 80 years old and that he had farmed all of his life and that was the highest price he had ever received for potatoes.—Anna, Ills., Democrat.

Accused of Stealing.

E. E. Chamberlain, of Clinton, Me., boldly accused Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils or piles. "It robs cuts, corns, bruises, sprains, and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at J. H. Orme's and Haynes and Taylor's.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's
Vegetable Compound

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's remedies have done for me. For two years I suffered. The doctors said I had tumors, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. Your Liver Pills have no equal as a cathartic. Any one wishing proof of what your medicines have done for me can get it from any druggist or by writing to me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mount St., Peoria, Ill.

Another Operation Avoided.
New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LILY PEYBOUX, 1111 Kerlere St., New Orleans, La.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

Let There Be Light

On The School Subject.

The little red school-house has been lauded for its influence upon the people.

It has done wonders, considering its restricted opportunities, but it is only a candle light where it should blaze out like the sun.

The rural school is far from what it should be. It only scratches the surface of knowledge a bit then it closes. It is presided over usually by practicing school ma'ams, who, by law, have to have so much "experience" before they can get certificates that will enable them to teach in the town and country schools, their ultimate aim is possibly to get a city position.

The school lasts but a brief time, the pupils are of mixed ages, from infants to grown-ups older than the teacher.

The wonder is that any good can come from such a system. Even thus handicapped the little country school may give the very best kind of schooling, it all depends upon the teacher, pupils and parents.

Then the personality of the teacher counts for much. If she is a true teacher, one born to the

the world, she holds a position of responsibility and power to be envied.

She may inspire her pupils to get right down to bed-rock and work out a system or habit in study that will make those pupils powers in the land.

It isn't quantity of subjects that makes education, it is quality of the facts studied, and the thoroughness with which they are mastered.

There is a wide spread demand for the teaching of agriculture in the rural schools and colleges. That is as it should be, but hold on a bit. Where are the teachers coming from who can safely handle these new subjects? Never yet has the country school been so well supplied with competent teachers who can handle these studies. How then expect much real teaching on subjects of which these town high school girls have no knowledge? It is going to take some time to prepare teachers for this work. It is not enough that they be given agricultural text-books. They should be fitted for the work in special schools, or from actual experience, or a short course in agriculture perhaps, but with this new demand upon their preparation will there sufficient salaries to attract competent teachers to the rural schools?

School consolidation is the one thing that will help solve the problem of better rural schools, but the real solution of the situation as it exists today is in taking enough personal interest in the school to see that it is made attractive, comfortable, sanitary as to heat ventilation and then insist on having a good teacher and then above all a good school, and pay well for that kind. It is just the same in church affairs, you get a good preacher if you pay enough for there are other places that make it worth while for preacher and teacher to move. You would not look for cheapest preacher and expect much pulpit eloquence or pastoral ability.

It is a high tax the citizens of a district pay when they spend school funds for the cheapest school teacher they can get, better pay more, be taxed more and have something for the money.

The future of your boys and girls depends upon the start they get in the public schools. If full of inspiration they dig out a good education later; if discouraging they lose interest in life and become driftwood on society. Now let's form a plan to create an interest in the home of the pupil. Some children think they are going to school just simply because it is school time and school is going on and their parents tell them they must go. But I know of some who never attend any school. Now dear parents the education of your children depends on their future good and happiness, the crude material we are working on today are the future citizens of Kentucky, and as modern time changes all things we must change and get into the educational current and float and not drown. Get your children interested at home when they come from school, you could inquire of them if they had mastered their lessons thoroughly, ask them something about their books they would be more than pleased to tell you anything they had learned, and tell them you are sending them to school to learn and to be intelligent men and women and should be obedient and prompt in their studies and insist upon them studying at night and every moment they have to spare.

The seventh of August called all the school children out in Crittenden county. So come on let's all co-operate together and have better schools and better educated children and happier homes and less crimes. Yours for better schools,

J. C. Hardin.

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. V. Dodson of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O. To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty cent or one dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and the statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address: Dr. W. H. Caldwell, 1500 Caldwell building, Monticello, Ill.

Democrats Demand Consistency.

The Democratic nominee for governor declared himself most emphatically in favor of removing the penal institutions of this State from politics and against the "Third House" prior to his nomination, and when Senator James B. McCreary made this promise to the people there was every reason to believe he was absolutely sincere and that the promise would be faithfully carried out. The Republican party later incorporated the same declaration in its platform and on August 15, the Democrats of Kentucky will assemble in Louisville to adopt their State platform. There are a number of questions so thoroughly agreed upon that there will be no objection to their adoption and amongst them should be a vigorous condemnation of the "Third House," composed of lobbyists and rounders of all political complexions, and a strong declaration in favor of removing the penal institutions from politics. Upon this question there will be present the Prison Commissioners and their associates of the "Third House" to soft-soap the platform declaration, so that it will not bear heavily upon them and their candidates in the coming campaign and to still leave them in

position to dictate the election of a Speaker and Prison Commissioner, and thus organize at least one branch of the General Assembly to perpetuate the old system, and themselves in office. The people should all attend their mass conventions in the various counties on Saturday afternoon, August 12 at two o'clock and along with such other resolutions as they may desire they should adopt resolutions and instruct their delegates to select men on the Committee to draft the State platform, who will write in the platform a plank so strong that no man can misunderstand its meaning. A drastic condemnation of the "Third House" composed of Lobbyists and grafters and which has reached perfection during the present Republican administration, and a demand for the removal of the penal institutions from politics, and the retirement of the prison commissioners from their influence over the General Assembly, and the passage of the practices act, to deter all individuals from corrupt practices in the future.

This is exceeding important and the Democracy of the several counties should make the fight and so instruct their delegates along these lines.

It cannot be argued that it is not important, when the Prison Commissioners and certain other members of the "Third House," are now busily engaged and heartily supporting candidates for Speaker of the House and for Prison Commissioner. It is true that a member of the Board is a candidate for re-election, yet the people of Kentucky should select his successor and the election should not be dictated by Messrs. Brown and McCutcheon, the senior members of the Commission.

In the Speakership's race the Prison Commissioners are interlopers, intruders, trespassers, pure and simple. It is conceded that their influence was the balance of power in the House two years ago and that they virtually dictated the election of the Speaker and the reign of lobbyism and grafting followed, and now that they have had their candidates for Speaker selected for nearly two years and are heartily supporting him, the people and their Representatives have reason to fear the results.

The Democratic State Platform should and doubtless will condemn the notorious and obnoxious lobby and favor a change of the penal institutions' system. Here the fight cannot stop. The Democrats of Kentucky will de-

Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it for forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay fever, croup, quinsy or sore lungs. STARR

We have had a nice rain; every thing looks fresh.

The sick is much better at this writing.

Several of our boys from this neighborhood attended the fair at Providence this week.

Uncle Sam Asher happened to a painful accident recently, by falling over some chairs after dark, and cut a bad gash in his forehead.

Frank Crider and family were the guests of Will Crayne and family one night last week.

We are very sorry to report at this writing, that J. Frank Loyd's wife, of Hoxie, Kan., is very sick.

Edward Woodall and wife were the guests of Sherman Crayne and family Sunday.

Billie Thompson sold a hog the other day weighing three hundred pounds, which he had only feed two ears of corn a day. Who can beat it?

Bert Bradley and wife were the guests of Frank Crider and family Sunday.

Our mail carrier is always on time.

We are glad to report that J. S. Crayne is still at the same old stand, ready to had out bargains at a low price.

Camp meeting will soon be here. Brothers and sisters begin to pray for our meeting, our

Attack Like Tigers.

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt rheum and sores multiply, strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. GOING SPRINGS

(Delayed from last week.)

Rev. J. A. Wheeler and family, of Wheatcroft, are the guests of Mrs. Stone and family. Rev. Wheeler, pastor of Hill's Dale church, is holding his annual protracted meeting at that place.

Virgil Hughes and sister went to the Providence fair Friday.

Joseph Hurst, wife and daughter, Miss Velda, and Mrs. Camilla Lanham attended the Farmers' Union picnic at Seminary Springs Thursday.

Bill Howerton and wife and Mrs. Willie Howerton, of Reputation section, went to the fair at Providence Friday.

Will Hunt contemplates moving to Texas this fall. We are sorry to lose them from our community.

M. W. Terry drove off a fine lot sheep this week.

Mrs. William Stout spent several days with Mrs. Yandell last week.

Geo. Stout has returned home after a visit of several weeks at his grandfather's.

We are sorry to lose one of our neighbors, Will Conger, who will move to Illinois.

Hardin Simpson spent Saturday night with his brother, Will Simpson, on his way from Mo.

Mr. and Mrs. Harry Haynes and little daughter, of Crayne, were the guests of Mr. and Mrs. Will Simpson last week.

M. W. Terry and wife were the guests of their daughter, Mrs. Tom Roberts, recently.

We are glad to know that Henry Farmer is slowly improving and will soon be out again.

James Hughes and son, Seldon, and J. M. Hughes, of Marion, were in this section Sunday afternoon.

School will begin at Going Springs Aug. 7th, and the parents will please send their children as they have a good and faithful teacher.

Everyone who is troubled with stomach trouble, will be delightfully relieved by using the Cullen mineral water.

Mr. and Mrs. Will Simpson and little daughter, Camilla, attended the Farmers' Union picnic at Seminary Thursday.

Miss Frona Elder is on the sick list at this writing.

TOBACCO TIDINGS. BY R. F. WHEELER.

The Grading Plan.

(Continued from last Week.)

In last issue we told you some-
thing of the system on which the
association graded its tobacco.
We told you that the graders at
the different factories used type
samples of the same quality.
That they were working under
the same instructions. And that
they were all under the same
general supervision, that of the
superintendent of graders.

In the Stemming District Tob-
acco Association the district is
the unit, and not the county or
factories as some seem to think.

As the grader represents the
growers that deliver to him, so
does the supt. of graders repre-
sent every grower in the whole
district, and sees that their in-
terests are protected by keeping
all graders on exactly the same
basis. The business of this As-
sociation is not run on the fine
spun theories of the idealist, but
is arranged to meet conditions,
and deal with men as they actually
exist.

ers is selected a practical experi-
enced tobacco man—an expert in
his line—one who is a competent
judge of the different types of
tobacco of the District and their
values. He has a general super-
vision over all the graders in the
district. He visits the different
factories. He inspects the tob-
acco that is being received and
the grade book. It is his busi-
ness to see that all the graders
are doing their work properly.
In fact it is his duty to see that
every grower in the district no
matter he delivers his crop, gets
the same price for tobacco of the
same quality. He is an officer
that is somewhat unpopular with
the man who wants to get more
than his share of the common
fund, but is appreciated by every
member who wants a fair deal
all around.

We told you at the beginning
of this article that the grade
average of the district never runs
over the selling price. The fact
is that type samples are so ar-
ranged that it will run slightly
under it.

In order to illustrate how this
is managed let us take for ex-
ample the 1907 crop. That year
the entire crop was sold at \$8.
per cwt.

At the end of each week the
buyer paid in to the Association
the difference between the
amount paid to growers, and the
amount that the tobacco would
come to at \$8. cwt.

At the end of the season it was
found that the amount so rec'd,
was about 8 per cent of the
amount paid to growers. After
the expense of running the As-
sociation was paid, the balance
was paid back to the farmers in
an 8 per cent dividend.

So in the end the growers re-
ceived \$8. per hundred less the
expense of handling.
That year every hundred lbs.

of tobacco in the district sold for
\$8. Every man's tobacco sold for
that price. The crop in each
county sold for the same. Yet
in distributing this fund, each
man, each community and each
county was paid according to the
amount and quality of tobacco
that they delivered. This plan is
adhered to regardless of the fact
as to whether each section of the
district averages exactly the
same.

As we have said before the
object of the Association system
is to give each man in the dis-
trict the same price for the same
quality of tobacco.

Some men raise better tobacco
than others. By this plan he
gets a better price and should do
so.

Some sections owing to differ-
ence in land, rainfall and methods
of handling, deliver a better
quality than other sections.
Every fair minded man will ad-
mit they should have a better
price.

This system is in our opinion
not only the best, but is the
only plan that will give exact
justice to every man.

lighted with Japanese lanterns
and entering into the music and
games with the young people.
We played various games, but
the boys seemed to enjoy "mush-

refreshments which were served
at ten o'clock, music was fur-

jolly company. Recitations were
rendered by Misses Mary Ray
and Florence Patton. At eleven

o'clock p. m. we departed for
our homes, all declaring they had
had one of the happiest evenings
of their lives.

a bolt of lightning struck a tele-

shop. It narrowly missed Mr.
Melber, passed along the floor
between the feet of his wife and
then burst. Her limbs benumbed
Mrs. Melber sank to the floor
and physicians were summoned.
Her limbs were paralyzed, but
after an electric treatment she
showed some improvement. No
pain was felt by sinking a pin
into the flesh. It is thought that
she will regain use of her limbs
in a few days.

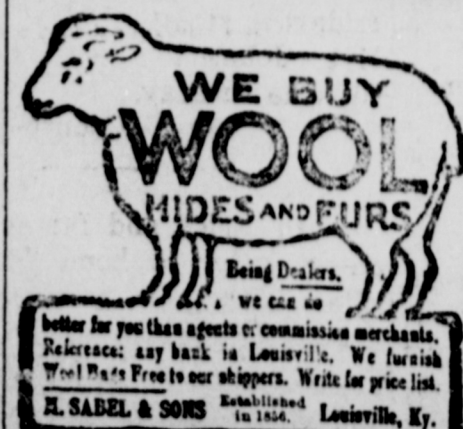

The explosion of the ball of

Marion City Schools Open

Monday, September, 11, 1911

The school for the coming year will be in charge of the same faculty as last year with two ex- ceptions. Prof. C. H. Richard- son has been employed to teach mathematics, Science and Ger- man in the High School and Miss Myrtle Todd succeeds Miss Car- rie Gill, resigned.

The same high order of work will be expected that has char- acterized the institution in the past, and the cooperation of the parents and friends of the school is earnestly solicited.

The course in the High School has been greatly strengthened With three teachers in the High School, the work will be more systematic, thorough and efficient than ever before.

Parents, ministers and friends are invited to be present at the opening exercises. During the year there will be a nine number Lyceum course under the aus- pices of the school, besides an Oratorical contest for young men and a Declamatory contest for girls. The support of the citizens in all these student activities has been appreciated in the past, and shall receive due appreciation in the future.—J. U. Snyder, Supt.

Willoughly Guesses Daugh-

ter Married.

Mr. William A. Walker, of this city, and Mrs. Ida Guess Wilson, of near Walnut Grove, Crittenden County, were quietly married at the home of Rev. J. L. Price in this city last Thurs- day evening, Rev. Price perform- ing the ceremony. The affair had been kept very quiet and was a complete sur- prise to their many friends, though many had predicted that it would occur at no distant date as the couple had been sweet- hearts for many moons. The happy couple are well known and have a large circle of friends.

The bride has spent much of her time in Providence in the last few years and by her lady- like deportment and pleasing

manners has won a large circle of friends. The groom is one of the best known men of our little city, where all his life has been spent and he numbers his friends by his acquaintances. He is a member of the painting and de- corating firm of Walker & Mc- Gaw. They are now having a pretty home erected for them on Cedar street and will go to housekeeping as soon as it is com- plete. The Enterprise joins their many friends in wishing them great happiness.

Result of Meeting
at Hill's Chapel.

Dear Editor, please allow us space in your paper to record some of the results of our meet- ing at Hill's Chapel, beginning July 21st, and ending August 7. The meeting was conducted by Bro. Jake Wheeler, our pastor. Most of the preaching was done by Bro. B. L. Paterson, of Hen- derson, however, Bro. Paterson did not get here until Sunday night on the 23rd. We want to say that we never had better preaching in our lives than was done by Bro. Paterson, the peo- ple were caught from the start and held to the close, great crowds of people gathered to hear the wonderful man of God. A number of people were con- verted and reclaimed and ten were sanctified and the church was greatly revived. People of all denominations and from every quarter come night and day to be in the meeting. On Sunday night three houses the size of Hill's Chapel could have been filled. Bro. George Gass, of the second Baptist church of Marion, assisted us in the music five ser- vices for which we gave him five dollars. We also gave Bro. Paterson fifty-seven dollars for his preaching, and Bro. Patterson gave four dollars of this to Miss Tinnie Wheeler, the pastor's daughter, for her services at the organ. Miss Tennie sings and plays with greater power since her conversion. The people who were converted and sanctified were among the best people of the community, morally speak- ing. Bro. Patterson has so in- gratiated himself in our hearts that we want him again.

Bro. Patterson made his home with Billie Joel Hill and wife. Please read Luke 1:73-75.

ANNOUNCEMENT.

A Farmers' Re-union will be held at the new Iron Bridge near Dunns Springs about the third Saturday in Sept., under the auspices of Hebron Local No. 107. Everybody invited. The program will be published in these columns later.
HOLLIS FRANKLIN, Sec'y.

IN SOCIETY
Mrs. Rose of Blackwell, Okla., was the guest of honor at a de- lightful "Rose Party" given by her sister, Mrs. T. C. Guess, on Thursday afternoon at three o'clock.

One of the interesting features of the afternoon was a Rose con- test which was very much en- joyed by all. Mrs. W. J. Deboe received the prize, a handsome bouquet of La France Roses.

Delicious refreshments of wat- ermelon, pressed chicken, sand- wiches, olives, salted almonds, ice tea, apricot sherbert and cake were served in three courses.

A Pleasant Occasion.

On Aug. 6th, 1911, Mr. and Mrs. Forest Burns, celebrated the fifth birthday of their little son, Markle Lee, by giving a barbecue dinner to which grown-ups as well as little folks were invited and a happy crowd as- sembled and partook of the splendid dinner which was enjoyed by all who were present. The guests of honor were the little man's grandparents, Mr. and Mrs. J. W. Burns, of Mulli- kin, Ky. Among other grown-up guests were Mr. and Mrs. Fred Hill, Mrs. Sallie Miles, Mr. and Mrs. Jack Snead, ex-Judge Thos. Evans, of Pa- ducah; Mr. and Mrs. J. W. Sleamaker, Dick Miles, Miss Ruth Bradshaw, Miss Belle Burns, of Mullikin; Marland Burns, Louis Adams, Robbie Snead, Franklin Willard, Wilma Sleamaker, Eda Adams, Eda and Della Snead.

The day being Sunday, and a revival in progress, several of the guests at- tended church services. A most enjoy- able day was spent by the elders in conversation, while the gay chatter and merry laughter of children attest- ed to their happy times, till lengthen- ing shadows warned those who had come from a distance, that it was time to go home.

The day had evidently been one of great enjoyment to Master Markle Lee, and as the crowd was leaving after wishing him many, many happy returns of the day, he said, "come back and I'll have another birthday nex' Sunday, an' I'll be six years old then."

Camp Meeting.

The Hampton Camp-meeting will begin August the 17th.

Rev. J. W. Bighan at the helm. Redford Yates, song evangelist will lead the singing.

We are expecting a great meet- ing under the supervising of two such men.

Pay no attention to the camp- meeting scare-crow lies to keep people away, we have them each year. We ask the prayers of the christian people all over the country for a great revival that souls may be saved and God glorified.

Death Angel Visits Home.

The people who knew Bro. S. K. Breeding and wife will be sorry to learn that she died last week very suddenly at her home in North Carolina. She leaves a husband and two daughters at home, 3 boys, Hines, Claude, and Porter, who are not at home. We loved dear Bro. Breeding as our pastor and we are sad when we think of his loss. May the Lord continue to bless him as he used to when our pastor.

A LETTER FROM BRO. BREEDING TO JAMES TERRY.

Hendersonville, N. C., 8-10 11. Dear Bro. Terry: My precious wife went home to glory last Thursday night at 11:30 o'clock. She was suddenly taken worse on Wednesday morning. She had been growing decidedly weaker for several weeks. She has been a great sufferer for 4 years, I have never seen any one bear affliction with greater patience. She became more Christ-like every day and when the end came she went away like a child going to sleep. The Lord was with us in wonderful grace through it all. The very room seemed filled with his presence. We miss her at every turn and have not yet fully realized our loss. I am trusting in God and looking forward. We need your prayers. I do not now get the Crittenden Press, but if you think proper you might have notice put in it for the sake of our friends in that county. Tell John Mack Phillips if you see him I wish I could be at the camp meeting. It would refresh me so. Be sure to give my love to Bro. J. J. Smith. Tell him to write me a letter. I pray the Lord will give you a great meeting. Me and the two girls are left alone now and it is lonely. I am so thankful for my two daughters. They are such a comfort to me. I want you to write me all about the camp meeting and other matters of the church, etc. How about the church in Marion? God bless you and yours and all my friends. Your brother,

S. K. B.

Camp Meeting Notice.

The Hurricane Camp Meeting will begin August 24, 1911, with Bro. B. L. Patterson, J. J. Smith and our pastor as preachers, Charlie Lear as singer. Everybody is invited to attend all the services. We give them 7 days and 10 nights free of charge, both Sundays and the last Saturday we will charge 25 cents for all persons over 12 years old, gate fees for the running expenses of the meeting. All persons who pay admission fees will be furnished with a badge. Anyone over this age found on the inside of camp ground without badge will be required to go on the outside at once or pay the above 25 cents fee. All persons owning or occupying camps will be required to pay one dollar. By this means the burden will be light on all. The Committee.

WANTED

To exchange two good milch cows for a gentle work mare. W. L. BIGHAM, 416 N. Main St., Marion, Ky. 72t

Disgraceful Scene.

In the County County recently, fourteen citizens, several of them heads of families were arraigned and fined for "crap shooting." Each one was assessed twenty odd dollars including the costs. It has not been the policy of this paper since it came into the present ownership to publish names or other Police Court news, out of regard for the families of the accused, but a close study of the cases before the court for twelve months past failed to show that any subscriber of the "Crittenden Record-Press" had been before the court. Wouldn't it be more respectable to subscribe

for your home paper which has shown a regard for your feelings and those of your wife and mother which you do not deserve, and cut out crap shooting and visits to such dives?

When you feel discouraged, confused, nervous, tired, worried or despondent it is a sure sign you need MOTT'S NERVE RINE PILLS. They renew the normal vigor and make life worth living. Thrown Onto Train.

Nashville, Tenn., Aug. 11.—While Nashville negroes were joy-riding early this morning near Brentwood, ten miles out, the automobile plunged off a via duct, beneath which a Louisville and Nashville freight train was passing. One of the joy-riders, Pearl Wright, a woman, landed on top of a car and, nursing a broken leg, rode to the city on the car. The train crew took her off at the Union station and sent her to the hospital.

Frisco Has Severe Quake.

San Francisco, Cal., Aug. 11.—The most severe earthquake shock felt in this vicinity in years shook the business buildings at 3:40 o'clock this afternoon with such severity that the occupants fled into the streets. The damage was trivial. A previous shock had been felt at 10:20 a. m.

Los Angeles, Cal., Aug. 11.—A slight earthquake shock was felt here at 3:40 p. m. today.

Captures Child's Assailant.

Chicago, August 11.—Pursued by an irate mother in the cab of a locomotive, Joseph Wood, a peddler accused of mistreating Elizabeth Salaba, ten years old was captured today and turned over to the police. Mrs. Salaba saw the peddler attack her daughter, then run down the railroad tracks. The mother appealed to a locomotive driver to give chase. He agreed. Mrs. Salaba climbed into the engine cab and after a chase of a mile, the peddler was caught.

Emancipation Barbecue.

Saturday, Aug. 19th, 1911, at Maxwell Park in Marion the 46th anniversary of the emancipation of the colored race in the United States will be celebrated by a grand barbecue. White persons wishing to buy barbecued meats will please give their orders in advance to one of the committee and it will be delivered anywhere in the city of Marion. Chas. Lewis, Chas. Webb, Simp Wilson, Com.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free. F. J. CHENEY, & CO., Toledo, Ohio. Sold by Druggists, Inc. Take Hall's Family Pills for constipation.

Resolutions of Respect.

Resolutions of respect of Oak Hall Local No. 158 to Mrs. Betty A. Stuart Fowler, who was born Feb. 25th, 1861, was married to B. H. Fowler Dec. 31st, 1892, professed faith in Christ Sept. 1897, and became a member of the F. E. & C. U. of A. Jan. 9th, 1908 and died June 30, 1911. She was a devoted Christian, a loving companion and a true blue union sister.

Whereas God has seen fit to send the death angel to visit our local and said to Betty, "Well done thou good and faithful servant, come and enter into the joys of thy father's kingdom, a place prepared for thee."

1 Therefore be it resolved that while we mourn her death we reverently and humbly bow to the will of Him who said "I will never leave thee nor forsake thee."

2 Resolved that this local tender its sympathies to the bereaved and commend them to our Heavenly Father, who has said, "Look unto me and in time of trouble I will not forsake thee."

4 Resolved that we always remember that true worth is in being, not seeming, in doing each day that goes by some little good not in dreaming of great things to do by and bye.

5 Resolved that we commend you to so live like Betty that when thy summons comes to join that innumerable caravan that moves to that mysterious realm where each shall take his or her chamber in the silent halls of death, thou go not like the quarry slain at night, scarred to his dungeon but sustained and soothed by an unfaltering trust, approach thy grave like one who wraps the drapery of his couch about him and lays down to pleasant dreams.

Brethren and friends we would transmit this message to the unseen destiny on whose bosom merciful we trust, reposes the personality of the deceased.

Whose council we are now denied.

That we hail you with the sign of hope that cheers us on the way. We greet you with the sign of charity that comes of forgiveness and salute you with the sign of love in all its purity.

And we trust in divine providence that though no more with us, she is with Him who said, "I am the way the truth, the resurrection and the light."

6 Resolved that these resolu-

tions be spread on our record book, a copy sent to the bereaved and a copy sent to the Record Press. Miss Ella Fowler, Mrs. Anna Lofton, Thos. Fowler, Committee.

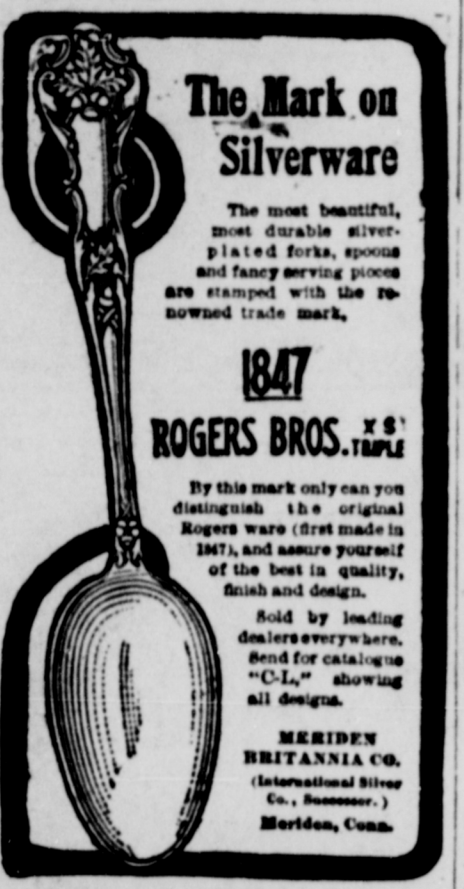

Cloudburst at Celena, Kan.

Celena, Kan., Aug. 4.—A near cloudburst, accompanied by terrific winds and hail, this morning caused probably half million damage to the zinc and lead mining industry in this vicinity. The storm cut off the Celena gas supply and crippled the water service. Railroad traffic is terribly demoralized while the wagon roads are covered. Spring river is the highest ever known and at 10 o'clock water began flowing through the safe holes in the Spring River Coal company's property at Hopewell. The precipitation since 4 a. m. is 5 inches, and the rain still falls, but lighter.

Additional reports will doubtless increase the damage done.

May Change Course.

Brownsville, Texas, Aug. 4.—The Rio Grande river threatens to change its course and throw into Mexico about 300 acres of Texas land, the International bridge and the terminal of the St. Louis, Brownsville and Mexico railroad. Engineers today are examining the tunnel to prevent the loss threatened.

Dies of Heart Disease.

Monteagle, Tenn., Aug. 5.—Bishop Oscar Penn Fitzgerald, of the Methodist Episcopal Church, South, died at his cottage here at 3:45 o'clock this afternoon of neuralgia of the heart. For the last ten days news of his death would not have been unexpected.

Rivers Low.

The Ohio and Cumberland Rivers are so low that the Paducah-Evansville, Paducah-Nashville packets have quit running. The Paducah-Golconda packet only goes to Bayou, the water in the Ohio being so low she can't get over the bar at the sister islands.—Smithland Banner.

Aviator Ascends 11,330 Feet.

Etampes, France, Aug. 5.—Capt. Felix, director of the military aviation school, ascended 11,330 feet today, thus breaking the record for height attained by aeroplanes. The ascent was made in 63 minutes and the avia-

tion planed down in twelve and one half minutes.

The official record for altitude had been held by M. Legagneux, who at Pau, France, last December rose to a height of 10,499 feet. The late Arch Hoxsey reached a height of 11,474 feet at Los Angeles on Dec. 26, last. Before his barograph had been examined and the mark officially attested, the instrument was destroyed in the accident which cost Hoxsey his life five days after his record ascent.

Mile-A-Minute.

Dieppe, France, Aug. 4.—Breaking all speed records for cross-country flights, Aviator Vedrine landed here at 8:40 a. m. today after successfully crossing the English channel. He had covered 165 miles at an average speed of almost a mile a minute. He followed the coast down from Boulogne.

Spoke at Seminary Springs.

R. L. Barnett, state secretary of the Kentucky Farmer's Union returned last night from Repton, in Crittenden county, where he delivered an address. Mr. Barnett has also accepted an invitation to speak Labor Day at Wallace park.—Paducah Sun.

Main Street Presbyterian Church,

Aug. 20th. 9:30 Sabbath School, Superintendent—W. E. Minner. 11 a. m. Divine worship, Minister—D. N. Good. Theme for the morning hour, "God's reserve of Goodness." 8 p. m., Preaching service—Subject—"Two contrary laws in one man." Prayer meeting every Friday evening at 8 P. M.

There is a cordial invitation to all—Come and worship the Lord with us.

The Meeting at Cline Spring.

A two weeks' meeting closed at the Cline Spring August 4th. Rev. J. W. Elington being manager, with Rev. Aaron Johnson assistant. The meeting progressed nicely, having fine singing and good order. At the close of the meeting there were sixteen conversions, ten of which were baptized on Wednesday by Rev. J. W. Elington, in Deer Creek just below Milford bridge.

On Monday night Rev. Aaron Johnson organized a church at Barnett school house with twenty-six members, the church then elected Rev. J. W. Elington for their pastor, for the ensuing year.
